Sir,

Plague - Prevalence of - North Kanara District (Bombay Presidency) - Bhatkal Town - Preventive measures against importation to South Kanara District - Opening of an Observation depot on the borders of the District - Employment of Special staff - sanction solicited-

---

Ref: Letter from the District Health Officer, South Kanara, Ref.No.70-B/42, dated 11.1.1942.

Information having been received about the prevalence of plague in the North Kanara District on the borders of this District, the District Health Officer, South Kanara was requested by me to study the situation and let me know if it is essential to open an Observation depot at the frontier to check the disease being imported into this District. The District Health Officer informs that the epidemic is prevalent in ----- Bhatkal Town which borders on this District and that there is the danger of its importation into this District.

As a preventive measure, the District Health Officer proposes the opening of a plague Observation depot at Shirur, on the border in this district, for a month with effect from 15.1.1942. He directed the Health Inspector of the Coondapoor Range to open the depot and hold charge of it until the entertainment of a temporary staff for the work is sanctioned. A

temporary staff consisting of one Plague Inspector on Rs.55/-, one peon on Rs.12/- and two coolies on Rs.10/- each per mensem has been proposed by the District Health Officer to be entertained for a period of one month. In a subsequent letter, however, the District Health Officer informs me that he has appointed the temporary staff in anticipation of sanction. In view of the urgency of the matter, and as I agreed that an Observation depot was essential and the staff proposed was also essential for the purpose I have approved the appointment made by the District Health Officer in anticipation of sanction. I request that my action may be approved and that sanction may be accorded to the appointment of the staff mentioned above for a period of one month from the date of appointment.

For Collector.

Copy to the District Health Officer, South Kanara.
